

## You-Tube Integration:

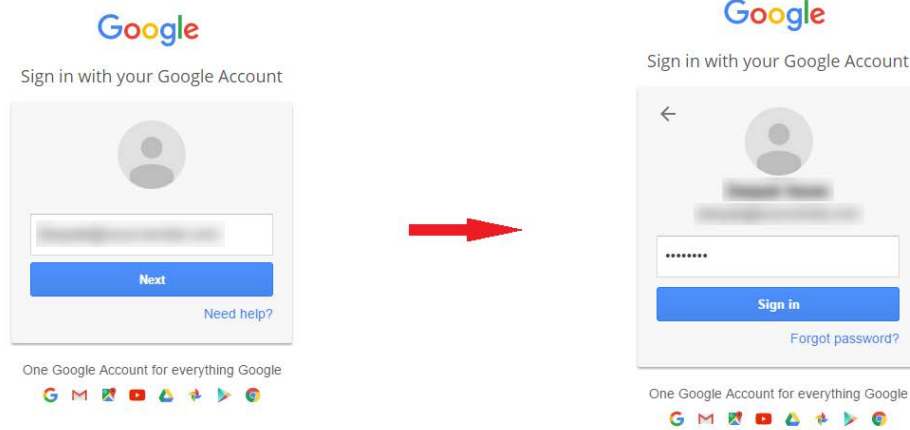

YouTube, one of the most popular global video sharing websites is integrated into iTranscript for your convenience. Now you can get your YouTube videos transcribed in just a few clicks.

Sync your Youtube account with iTranscript by following these quick & simple steps.

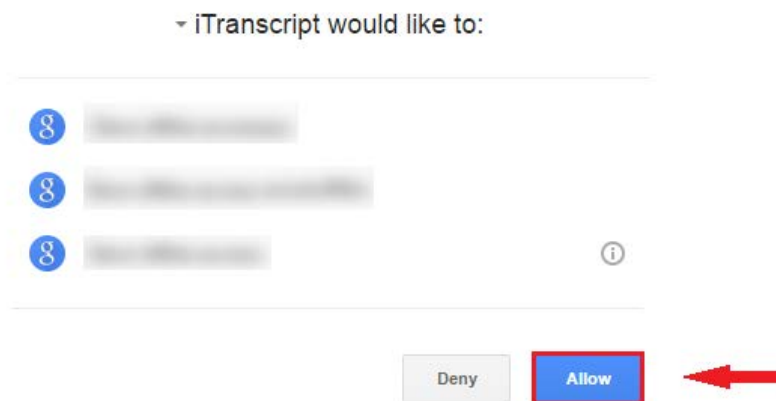

**Step 1.** Click on *"I would like to integrate"*, under the YouTube logo

(You will be directed to the *'Login'* page.)

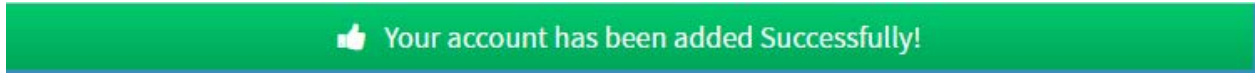

**Step 2.** Enter the **Google** account 'login' credentials associated with your **YouTube** profile and click on *'Sign In'*.

Once done you'd receive the following notification.

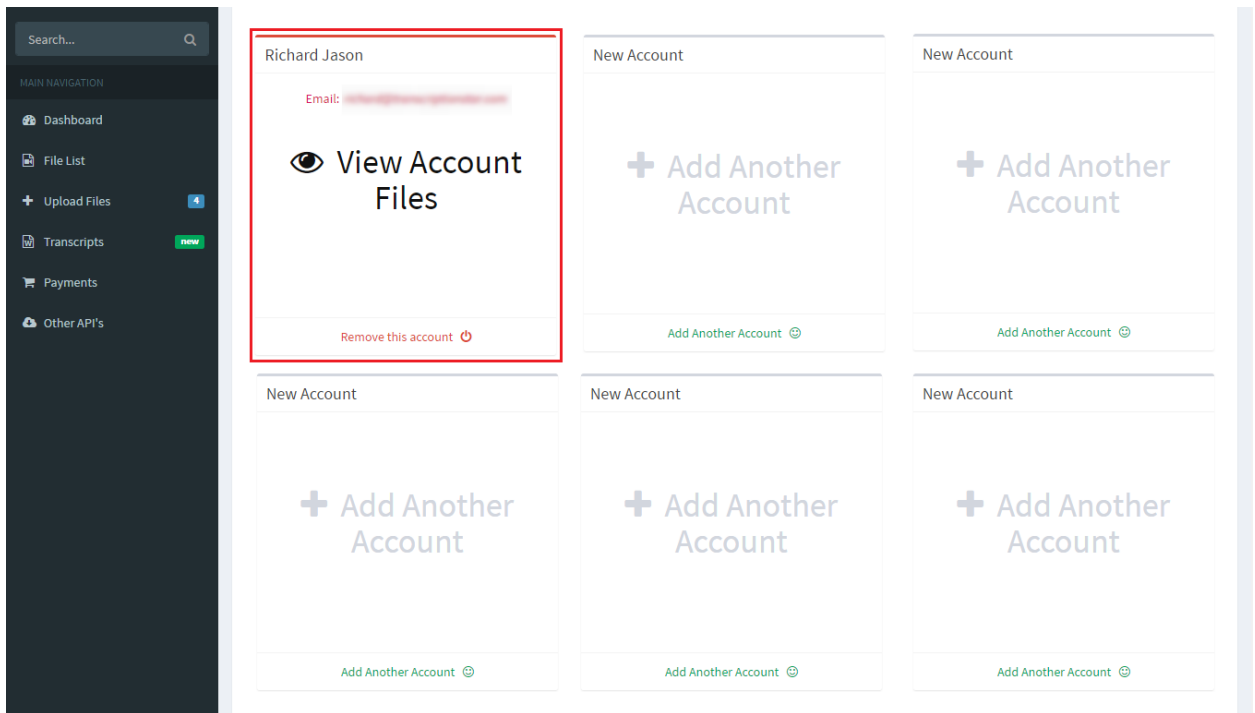

**Step 3.** Click on 'Allow' to confirm.

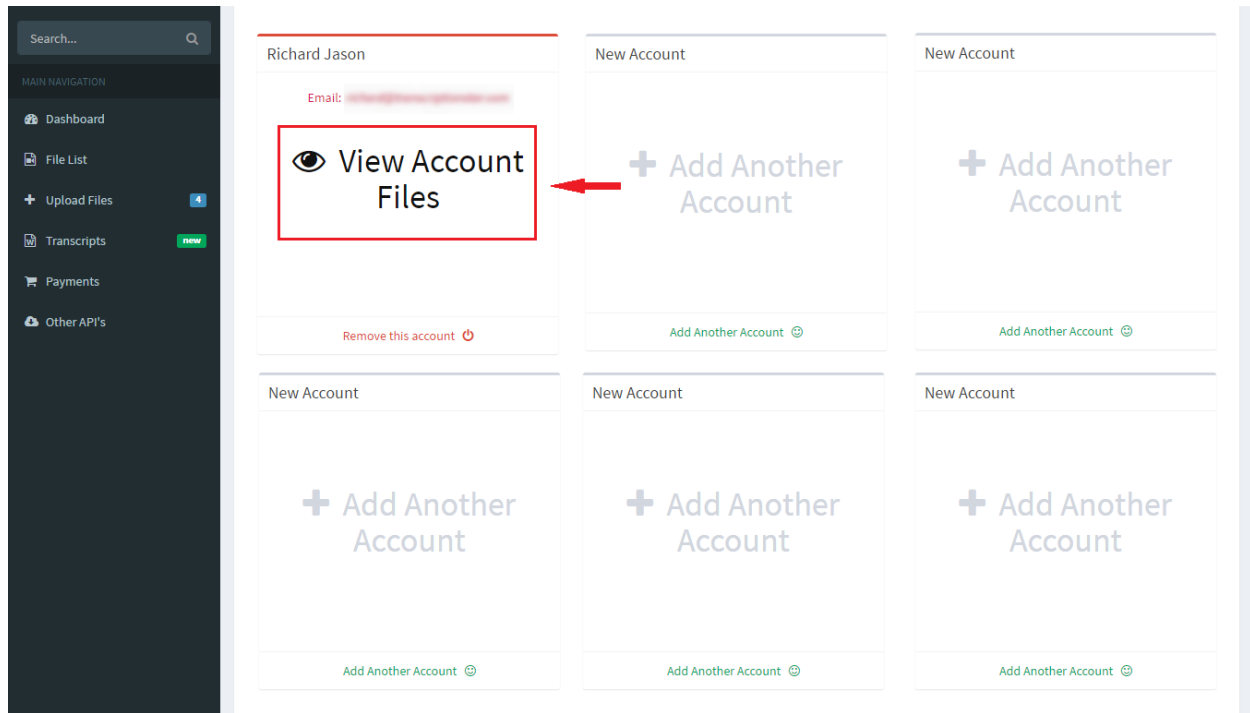

**Cheers. You are done with the Integration process!**

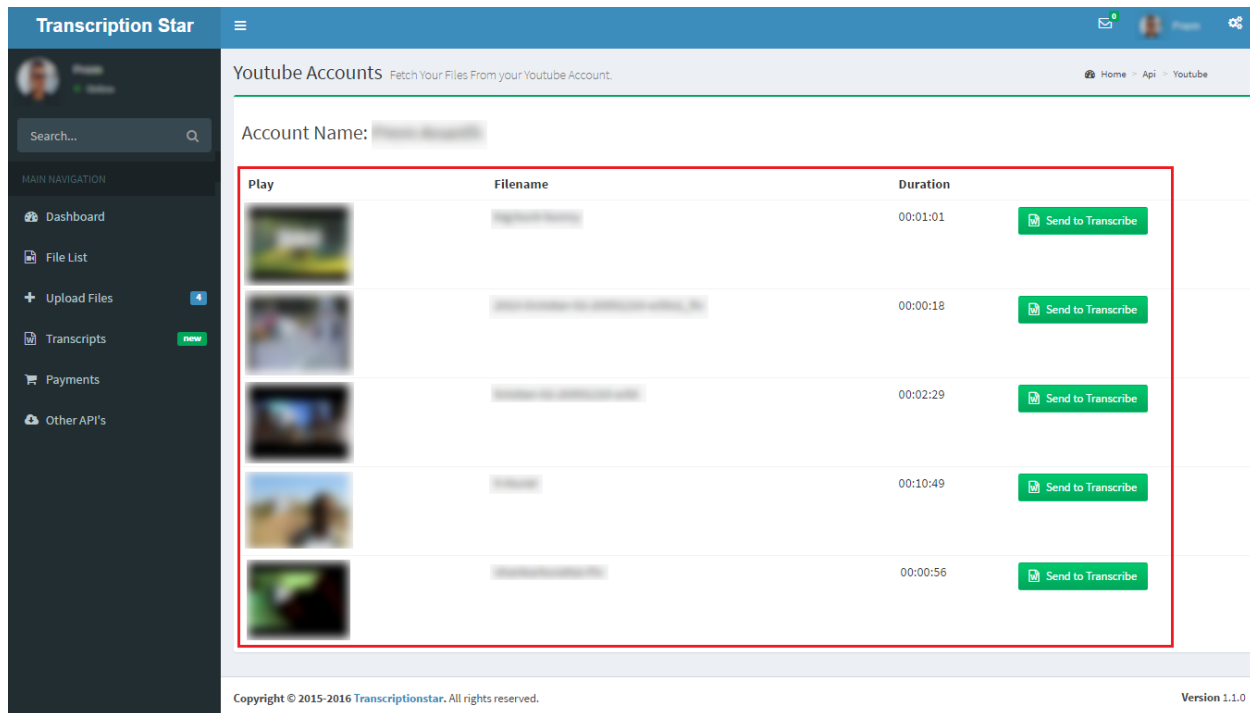

Now, files uploaded to your YouTube profile can be accessed and directed for transcription from within your iTranscript platform...in just a few clicks.

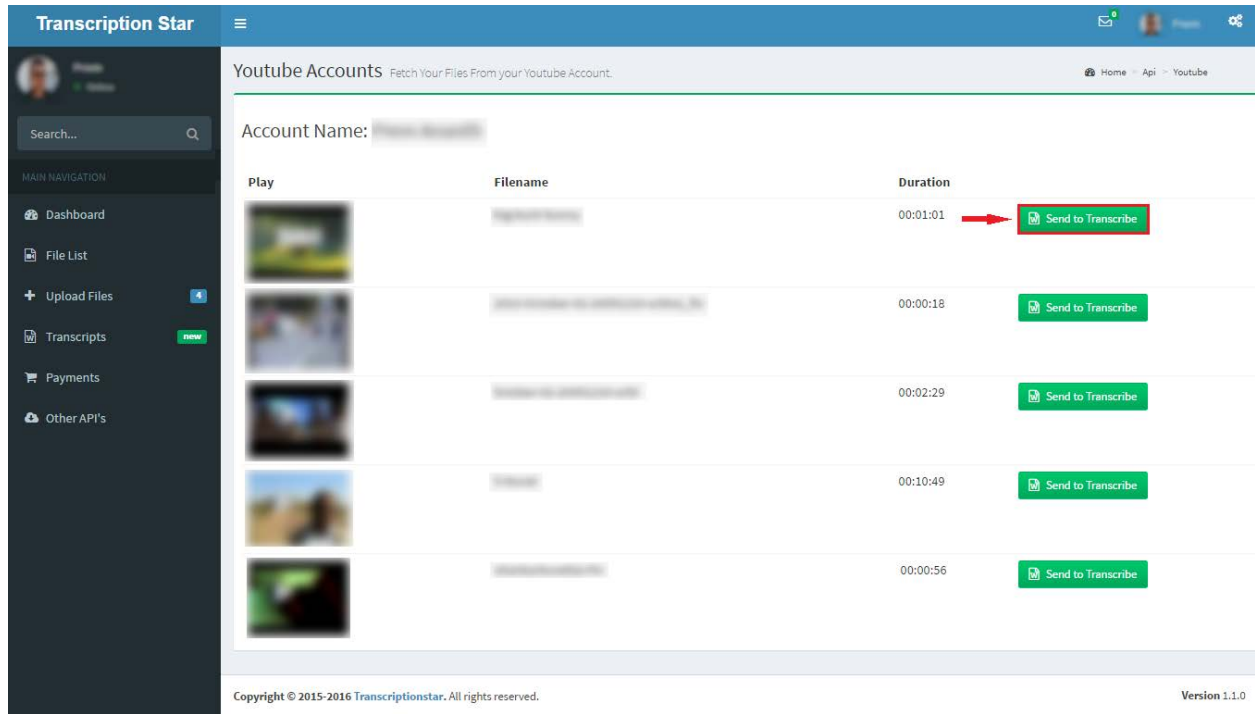

**Step 4.** Click on 'View Account Files'.

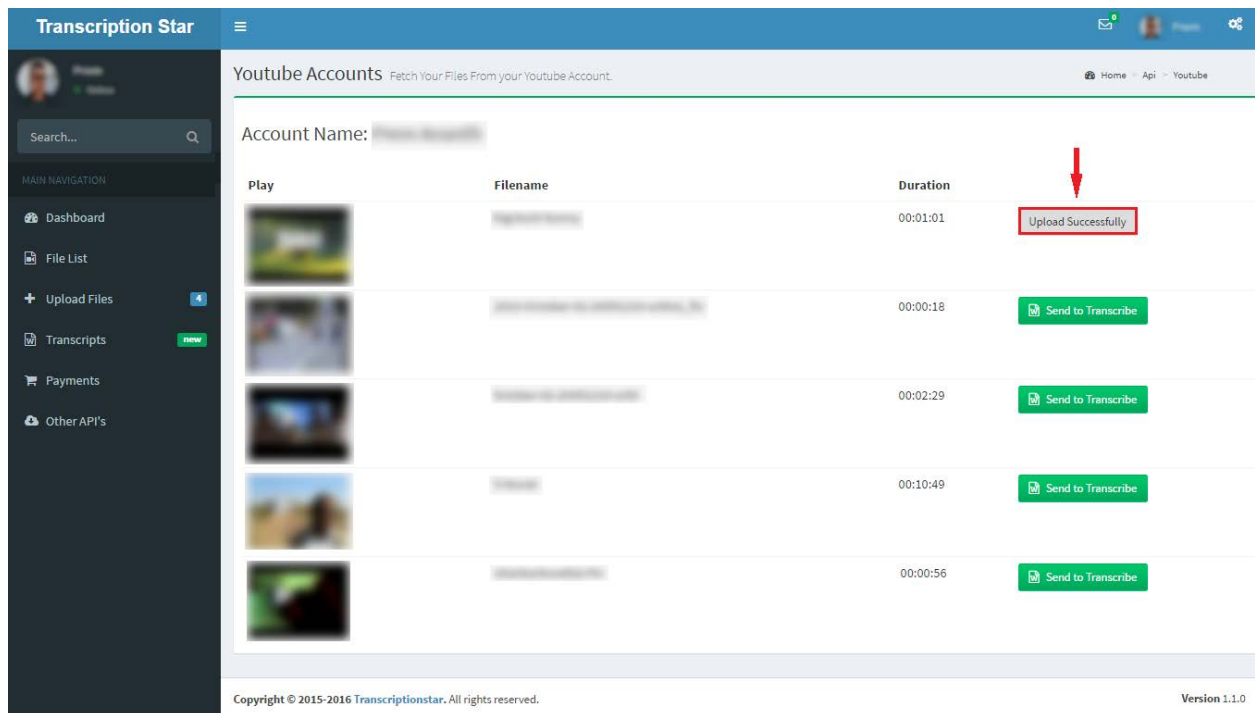

[You will be directed to the page displaying the list of files available in your YouTube profile.]

**Step 5.** Now, scroll through your list until you find the file that needs to be transcribed. And click on 'Send to Transcribe'.

(Once your files are 'uploaded successfully' to iTranscript, they are ready for our transcription services)
